

RESIDENTIAL ULTRAVIOLET WATER PURIFICATION SYSTEMS

An evolutionary leap in drinking water purification

THE MOST EFFECTIVE UV DOSE

Two lamp design with elliptical reflectors inactivate pathogens from 360 degrees

SMART ALARM SYSTEM

Dual sensors isolate source of alarm to notify of lamp changes and poor water quality

RISK FREE AND FAIL SAFE

Automatic solenoid shut-off, so only pure safe water enters your home or cottage

QUICK AND EASY INSTALLATION

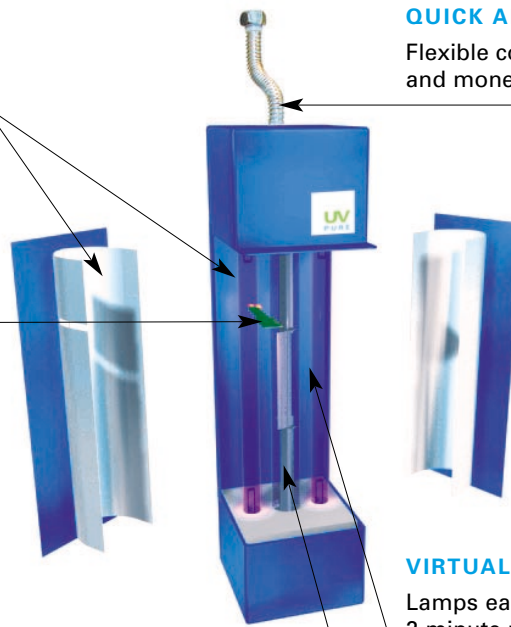

Flexible connectors save time and money for fast implementation

VIRTUALLY MAINTAINCE FREE

Lamps easily removed – a simple 2 minute process

SELF-CLEANING

No messy quartz cleaning and system draining required

Crossfire Technology continually monitors all aspects of water treatment so you can be sure that every drop of water is safe to drink. Why? Because Ron insists... Pure, Safe Water. Always.

Pure, safe water.

Always.™
